Amr Wahdan

Account management, business development, and GTM
(+20) 106-235-6288 | wahdan.data@gmail.com

Summary

Helping digital analytics/marketing agencies & MarTech Businesses generate leads, close deals, and expand their market presence with data-driven sales strategies. With my background in data and hands-on experience in B2B lead generation, GTM strategies, and sales development, I help connect the dots between business challenges and MarTech and/or digital solutions.

Tools

- Outreach: CallTools, Maqsam, ReadyMode, Instantly, SmartLead.
- Prospecting: LinkedIn SalesNav, Apollo, Lusha, AmpleMarket, Ocean.
- Data Analysis: Excel (& PowerQuery), PowerBI, and Tableau.
- Project management & Automation: Slack, G-suite, and Zapier.

Computer languages

- R – Statistical modeling, multivariate analysis, and visualization.
- Python – Data cleaning, exploratory data analysis (EDA), and general programming.
- SQL – Querying, joins, and aggregations for data extraction and transformation.
- Bash – Expert in most common domains from daily use on my OpenSUSE Tumbleweed machine.
- LaTeX– Advanced skills with extensive use due to math background.

Human languages

- Arabic – Native speaker
- English – Native-like speaker (112/120 TOEFL score)

Work Experience

ACCOUNT EXECUTIVE

e-CENS — Digital data analytics company

Present
December 2024

- Owned the full sales cycle from discovery to closing, inbound & outbound.
- Led consultative discovery calls to assess prospects needs around acquisition, retention, data, MarTech (GMP, MMP, CEP/CRM, CDP, etc.), and BI soultions.
- Managed key tech partnerships: Robusta, FPT, Digital Oarks, Adjust, MoEngage.
- Made pivot tables and sales dashboards to analyze results.
- Supported junior BDRs, helped onboard new AEs.
- Led multiple initiatives to improve the sales process including: defining ICP better, making new lead magnets, and introducing tools to better automate and document the process.

BUSINESS DEVELOPMENT SPECIALIST

e-CENS — Digital data analytics company

December 2024
April 2024

- The best performing BDR in company history — 6-8 calls set per week, promoted to AE in just 8 months.
- Connected with marketing & digital data leaders in the GCC and Europe.
- Collaborated with the tech team to craft personalized outreach sequences that address clients' digital maturity challenges.
- Analyzed sales data to optimize outreach campaigns, save budgets, and boost results.

BUSINESS DEVELOPMENT SPECIALIST
